

**Thanasis Kizos** is Professor of “Rural Geography” in the Department of Geography, University of the Aegean since 2005. He holds a bachelor’s degree in Agronomy and a Ph.D. in Environmental Management and Policy. He is the Lesvos Director of the Erasmus Mundus Masters ISLANDS: Islands and Sustainability (<https://islandsmaster.eu/>)

He is the Director of “**PrecFarm: Laboratory of Rural Geography and Precision Agriculture Systems**” and does research in Rural Development, Landscape change and management Land Management and Precision Framing Systems. He has published on agricultural landscape change, land use planning, agroforestry, sustainable agriculture, biodiversity impacts of agricultural systems among other topics.

Some recent projects he participates in are soil O-Live (<https://soilolive.eu/>), Terra Lemnia (<https://terra-lemnia.net/en/>), and SIPATH (Operationalizing Sustainable Agricultural Intensification Pathways in Europe). He also participated in the past in the Project “Sustainable futures for Europe’s HERitage in CULTural landscapES: Tools for understanding, managing, and protecting landscape functions and values ” (HERCULES) and LEDDRA (Land and Ecosystem Degradation and Desertification: Assessing the Fit of Responses; 2010-2014). Recently he published the book “Rural Development: Concepts, Practices and Policies” (2018) Tziola publications, Athens.

The full list of his publications is available at
